

EFFECTIVE 4/10/2017 - MasterCard eGuard

Toledo Police Federal Credit Union Members are no longer required to enroll in MasterCard SecureCode. In its place is a new security solution which automatically is in effect. This new system is called eGuard. This system, eGuard, is designed to provide an extra layer of security for eCommerce transactions by prompting cardholders to enter a one-time password that they will receive via SMS text message following the detection of suspicious activity during a transaction.

You will receive additional information about this product from MasterCard once the program is live 4/10/2017.
